MPA/EMPA

# *Message* FROM THE RECTOR

All those who intend to attend the Master of Public Administration Programme are warmly welcome to our University. Amongst a number of the professional master programmes offered by the Yangon University of Economics, the Master of Public Administration Programme was introduced in 2000 with a full-time, and later in 2002, the MPA evening classes were offered to executive level from various organizations in order that they can look forward to a MPA degree without interruption to their professional careers.

We already introduced the MPA (online) Programme, widening all candidates across the country, who are working for the various Organizations and Departments.

The MPA courses are conducted by senior faculty members of Yangon University of Economics, retired academicians and experienced experts from local and abroad.

The MPA programme in its more than 20 year has produced more than 1,300 graduates with academic and intellectual excellences who are contributing to their own organizations in some way and thence to the needs of the nation's development.

As the Rector of Yangon University of Economics, I certainly believe that this programme will be able to produce highly qualified graduates in public administration. Accordingly, I strongly recommend that the candidates who intend to broaden their knowledge and skills in the field of public administration surely should join the MPA programme.

# *Greetings*

## FROM THE MPA PROGRAMME DIRECTOR

The MPA Programme is now well known to those who are seeking for more academic knowledge to apply in their designated careers not only in private and public but also in the civil service society.

This programme has been introduced since the year 2000. This programme will provide the academic knowledge to meet the needs for their career development through the multidisciplinary curriculum and courses.

The aim of this programme is to nurture a more qualified and skilled human resource in the field of public administration which has become a necessity in the dynamic and challenging world.

We are looking forward to welcoming all the efficient participants to our MPA programme and hope that this programme will give each participant a great opportunity to gain new skills in public administration.

## About YUE

### Yangon University of Economics

Yangon University of Economics

Ywa Thar Gyi Campus

Padarmya Campus

Hlaing Campus

Yangon University of Economics began as the Department of Economics under the University of Yangon in 1924. In 1940, the Department of Economics began teaching Commerce as a special subject. Special courses in Statistics were given by the Department of Economics in 1953. Then in 1955, a separate Department of Commerce was established and in 1956 a separate Department of Statistics was established.

In 1964, The Institute was founded as an independent tertiary institution composing of three academic departments: Department of Economics, Department of Commerce and Department of Statistics. In 1966, a separate Research Department was created. But in 1988 the Research Department was transformed into the Department of Management Studies, and a new academic department, the Department of Applied Economics was created. The University now has five major academic departments and four supporting academic departments: the Myanmar Language, English, Mathematics and Geography Departments.

- The university is accredited to the Centre of Excellence (COE) and is also a member of the Asean University Network (AUN).
- The Kamaryut Campus is located on the shores of Inya Lake at the corner of Inya Road and Pyay road. It is recognized as a Graduate School of Economics. This is where MPA and some Master and Diploma classes are held.
- Ywathagyi Campus is the newest campus where the majority of students get their education.
- Padarmya Campus, situated close to the Hlaing Campus, is where postgraduate courses in business administration and management are offered.
- Hlaing Campus, situated about a mile from the main campus, is where certificate courses and diploma courses under the centre of Human Resource Development are offered.

# MPA PROGRAMME DESIGN

Keeping abreast of new administrative development and demands of the country, the Yangon University of Economics has been offering, since the year 2000, a graduate programme leading to a Master of Public Administration (MPA) degree. This programme is designed for persons from a variety of academic and professional backgrounds, for policy makers and personnel, who are dealing with public affairs or non profit management, who expect great responsibility in public administration.

The programme comprises of number of courses conducted by senior faculty members of Yangon University of Economics and the Yangon University, retired experienced public administrators, and executives from nonprofit organizations. The MPA programme offered is a two academic year programme. Participants of the programme are required to attend classes on weekdays after office hours.

MPA classes for executive level [ EMPA (Online) ] are offered for those interested in earning a MPA degree without interrupting their professional careers. The Programme takes two academic years. Executive MPA (Online) classes are held on weekdays and on Saturday after office hours.
